The main floor offers a welcoming entrance that leads past your home office into a comfortable open-concept living area, complemented by a gas fireplace and large windows with views of Nose Creek Park. The gourmet kitchen is well-appointed with a large island and breakfast bar, a gas cooktop, ample cabinet space, stainless steel appliances, and a walk-through pantry. The dining area features double doors opening to a panoramic west-facing patio—ideal for watching evening sunsets or the kids playing in the spacious backyard. Upstairs, you’ll find a bright bonus room perfect for entertaining, a gorgeous primary bedroom with more views, a spa-like ensuite, and a large walk-in closet. The second and third bedrooms are generously sized, with one offering an additional walk-in closet and a window for morning sun. Completing the top floor is a second full bathroom and convenient upstairs laundry. The fully developed lower level offers another bedroom, a third full bathroom, a storage room, a wet bar for game day, and a versatile entertainment area that opens onto the covered lower patio. IMPORTANT UPGRADES include new triple-pane windows throughout for energy efficiency, central air conditioning for year-round comfort, and a large garage (wired 220) that has been fully finished with epoxy floor protection. This well-cared-for home is truly turn-key—lush perennials are planted, the apple tree is thriving, and there’s no fencing or landscaping left to do. Simply move in and enjoy.
