Inside, you'll find over 3,100 square feet of thoughtfully designed living space—completely move-in ready and filled with natural light. The main floor is open and airy with oversized windows, a bright front living room with French doors opening directly to a large front balcony, where you'll actually want to spend time—coffee, wine, and Stampede fireworks—all included. The kitchen blends warmth and function with solid wood cabinetry, built in pantry, granite countertops, stainless appliances, and a layout that connects easily to the breakfast nook, dining, and family room. Whether you're hosting or unwinding, this space works. Upstairs, the primary suite takes advantage of the naturally private surroundings, and includes a large walk-in closet plus a relaxing 4pc ensuite with a deep soaker tub. Two more bedrooms, an upgraded 3 pc bathroom with a huge walk-in shower, and a sunny flex space, with views, give everyone room to spread out. The finished lower level checks all the boxes for hangouts, hobbies, or guest space—with a fireplace, full 4pc bathroom, storage, plenty of space to add a fourth bedroom if needed. Out back, the yard is private, fully landscaped with new sod and mature trees. The double garage is EV-ready, and there's programmable Gemstone lighting on the exterior. Recent upgrades include a new roof, A/C, high-efficiency furnace, modern lighting, newer carpet, and full interior/exterior paint—almost everything's been done for you. Just minutes to Westside Rec Centre, COP, schools, the LRT, downtown, and the mountains. Quiet, connected, and completely dialed in—this
