Welcome to the Pierce — a stunning walkout home designed for style, function, and everyday luxury. Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. Situated on a west-facing backyard, this home features a rear deck and BBQ gasline rough-in and an extended garage. Inside, enjoy an executive kitchen with built-in stainless steel appliances, gas cooktop, chimney hood fan, waterfall island, and walk-through pantry. The main floor offers a gas fireplace, open bench with cubbies and coat hooks, and double french doors to the flex room. Upstairs boasts a vaulted bonus room ceiling and elegant paint-grade railing with iron spindles. The 5-piece ensuite impresses with a tiled shower, soaker tub and tile flooring. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it’s designed for sustainable, future-forward living. Featuring a smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
